

Quebec and Montreal Welcome Earl Balfour

MAY JOIN NEW BRITISH CABINET

ADMIRAL OF THE FLEET TO OPEN PARLEY

Will Preside Over Conference of British Empire Service League

Montreal, Que., Aug. 24.—Admiral of the Fleet Earl Balfour received warm welcomes to Quebec and Montreal on Saturday night on his arrival in Canada to preside over the fifth annual conference of the British Empire Service League, which opened at the Hotel de Ville in Montreal.

The commander-in-chief of the grand fleet from 1914 to 1916 was received at Quebec with a 15-gun salute, fired from the Citadel, and greeted by a host of Canadians headed by Lt.-Col. J. B. Dunster, acting deputy commander of the military district No. 5, who represented the Dominion Government, and the governor of the province, Sir George Patterson, commander-in-chief of the Canadian Corps in France. Earl Balfour, ex-ambassador minister at Ottawa, and ex-ambassador minister at London, was delivered to Earl Balfour by Lt.-Col. Dunster.

Lord Jellicoe stepped down the gangway of the battleship, and in full dress naval attire as admiral of the fleet, he was met by the royal 22nd regiment, regiments of the British Empire Service League, which were welcomed by the same regiment president.

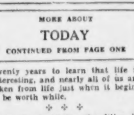

As the steamer left Quebec for Montreal, he returned back to the U.S.A. and returned to the two troops of the American and British regiments of the British Empire Service League, which were welcomed by the same regiment president.

At Montreal the famous admiral addressed a meeting of the service league, and in his brief address he expressed his appreciation of the service league and his country. After a band and a guard of honor were formed, the official welcome of the city of Montreal was tendered by the mayor, Mr. J. A. Gauthier. Later in the evening Earl Balfour attended a luncheon at the officers' mess of the 22nd Fusiliers' Motor Battalion.

OLD FIRE HALL IS NOW CLOSED

Equipment Moved to No. 2 Station

Acting upon the conviction that the two fire stations close to each other in close proximity is a disadvantage, the city council has decided to close the old fire hall at No. 2 station.

On Monday City Council decided that the old fire hall at No. 2 station, the central headquarters of the fire department, has been sent to No. 3 station on 101st street, with all the equipment and the men who operate the equipment, and the old hall has been closed.

What has been done to the premises at No. 2 station is to be used for the city's fire engine, and the fire engine will be moved to No. 2 station.

The fire chief contends that the closing of the hall will be a disadvantage, as the fire engine will be moved to No. 2 station.

ACCIDENTS IN CANADA AMONG WORKERS HIGH

Insurance Co. Statisticians Give Results of Long Investigation

NEW YORK, Aug. 24.—Although high death rates in Canada, even in Quebec, were responsible for the high death rate in the United States, Canadian death rates were not as high as those in the United States.

The company's statisticians have found that the death rate in Canada is about 10 per cent higher than in the United States.

Deaths from violence of all kinds are far less frequent in Canada, even in Quebec, were responsible for the high death rate in the United States.

B. Had Record Salmon Catch, 930

WHO IS THIS ONE?

INCREASE IN PACK OF PINK AND SOCKEYE

Surpasses Record of 1926
by 156,629 Cans Says
Report

VICTORIA, B.C., Aug. 24.—In the year since the province produced the greatest catches of salmon in the history of the province with a pack of 2,327,818 cans, surpassing the previous record of 1926 by 156,629 cans, according to figures contained in the 1931 pack of the provincial fisheries department. There was an increase in the pack of sockeye and pink. The pink pack constituted 50 per cent, of the total.

The value of fishery products in the province for 1930, the latest figure available at the time the provincial report was written, was \$53,818,221, of which British Columbia produced \$23,050,802, or 43 per cent.

Comments on the Fraser river sockeye, the report says.

"The catches of sockeye in the Fraser river system in 1930 demonstrate positively that the Fraser river runs of sockeye to that system can be increased."

NINE IN JURED WHEN 2 AUTOS MEET HEAD-ON

Woman May Die as Result
of Crash Near North
Battleford

NORTH BATTLEFORD, Sask., Aug. 24.—One woman may die and eight others be injured as a result of a head-on collision between two automobiles Sunday 1 1/2 miles southeast of here. None of the four from Saskatoon is claimed by hospital authorities as seriously injured. A lady baby in arms was the only occupant of the two cars to escape unhurt.

Those from Saskatoon and their injuries as determined late last night are:

Magistrate F. M. Brown, senior police magistrate of the province, cuts in face and bruises.

Mr. Brown, severe cuts to both legs, bruised chest and arm.

Dr. R. H. Peterson, F.R.C.S., one of Saskatoon's most prominent surgeons, cuts in face, bruised and possible internal injuries.

Mr. Peterson, bruises and shock.

Mr. R. J. McIntosh, of North Battleford, a son only one of the nine when condition is said to be critical. He suffered severe facial cuts, including a severed ear.

Her husband, just recently arrived in North Battleford on Canadian Pacific, suffered moderate cuts.

The others injured were: M. Meiers, cuts to chest with possible fractures of one or two ribs; Mrs. Meiers, cuts to the face, and F. Lee, a Saskatoon boy.

All others except those from Saskatoon are from North Battleford.

Three Gangsters Are Lined
Against Wall and Sprayed
With Bullets

Associated Press Cable

NEW YORK, N.Y., Aug. 24.—In a fashion reminiscent of the St. Valentine's Day massacre in Chicago, three men were lined up against a hospital house wall in Brooklyn Sunday night, and sprayed with bullets.

One man was killed outright and the other two critically wounded.

The police said they believed marijuana was involved in the Brooklyn slayings.

The dead man was Anthony Ferraro, 25, who, police said, was paroled from Sing Sing prison last April after serving a partial term for robbery.

The other two were Joseph J. Casanova, 32, and Joseph J. Casanova, 32, who were paroled from Sing Sing prison last April after serving a partial term for robbery.

Provincial Premiers Gather at Ottawa To Decide Relief

Canadian Press

OTTAWA, Aug. 24.—Conferences between Hon. C. D. Hodgson, Dominion Minister of Labor, and provincial employment relief workers, are expected to begin today.

Mr. C. D. Hodgson, of New Brunswick, and Hon. D. A. Stewart, Minister of public works, will probably intervene the minister today and members of other provincial cabinets will be in Ottawa during the week.

Upon the conversations taking place again in the past few weeks, the entire scheme of expenditure to be entered upon by the Dominion and the provinces in public works and other forms of relief. The relief bill approved by parliament enables the government to spend such sums as appear advisable in dealing with the unemployment situation liable to prevail in the coming winter.

The amount required to be spent by the Dominion in the relief of unemployment is estimated at between \$50,000,000 and \$100,000,000, but this can only be decided after a detailed study of conditions in each province are made available.

Chinese To Protest Germany's Action

Associated Press Cable

CANTON, Aug. 24.—The Chinese Kuomintang (People's Party), called upon Monday for a general strike against Germany on the ground of opposition to German action in China.

The Kuomintang said that Germany's action in China was a violation of the principles of the League of Nations and that it was a threat to the peace of the world.

The Kuomintang said that it was in a position to take any action necessary to protect the interests of China.

RAILWAYS TO HELP FINANCE CATTLE MOVE

Sask. Minister of Agriculture
Makes Announcement
at Regina

Regina, Sask., Aug. 24.—The government of Saskatchewan and the railway companies will jointly finance the shipment of stock to pasture in the north from the drought areas of the western part of the province.

Mr. W. C. Burke, minister of agriculture, said today.

These regulations become effective from the date the stock is moved.

The regulations will be in effect until April 30, 1932.

These arrangements will not be made until the individual rancher has been through the manipulation of the heads of the herd.

The government will be responsible for the transportation of the stock.

According to estimates prepared on the basis of the stock movement, the government will be responsible for the transportation of the stock.

It is estimated that the government will be responsible for the transportation of the stock.

WHEN NECESSITY DICTATES

The bonus that is to be paid by the
Dominion for wheat produced this year
in the three prairie provinces is expected
to reach the figure of \$1,000,000. The
benefits will be cheap at the price, and would
be correspondingly greater if the amount
were larger.

Small as the bonus is, conditions being
what they are it will help to keep farm
families on the land and out of debt, and
to stimulate business. That is some public
policy at the moment, whatever de-
scriptions have to be made from ordinary
procedure and the recognized canons of
political economy.

LIME-LIGHTING?

Gandhi has apparently made up his mind
that he will not go to London. That is
surprisingly surprising, considering that he
has counted on to always do the thing that
will keep himself in the limelight, even
when to an occasional and under unusual
circumstances he does not seem to be the
course that would help his cause.

If Gandhi does not go to London, India
will be represented at the conference by
men who speak for other races and re-
ligions in the much-mixed population of
that empire. It will not be strange if out
of such a conference some new scheme
of government in which Gandhi and
his followers will not get even what
he deserves, to say nothing about what
they want.

BACK TO INDIVIDUALISM

Moscow announces that hereafter in
all branches of industry special rewards
will be given to those who render unusual
service in carrying out the five year plan.
That no doubt will be found to be good
business in Russia, as it has been found
to be good business everywhere else. But
it is a further dilution of the Communist
theory, and a further adoption of the
methods which have been found to be ad-
visable in other countries under private
enterprise.

The plain significance is that the en-
thusiasm of the Russian industrial work-
man about working for the state is on the
wane. He wants to work for himself, as
much as elsewhere. That is the plain sig-
nificance—by successive steps of which this
is the most recent—the incentive of indi-
vidual reward as a spur to individual in-
dustry.

PROTESTS BRING A RESPITE

It is to be said for the new tariff
against foreign reading matter that the
offense it has been to the public, and the
more the regulations have been revised the
less objectionable the scheme has been made.

The regulations now promulgated pro-
vide that newspapers are to enter Canada
free, as heretofore; that the tariff on
magazines is to vary with the amount of
advertising they carry, and that Cana-
dian magazines have subscribed for these will
be given seven months grace, and those
which fail to qualify for official classifica-
tion as magazines are subject to the rate
of fifteen cents per copy. Positive prohibi-
tion thus appears to apply only to the latter.

These modifications of the original
proposal have been made under fire of a
lively protest from the public. Last week
perhaps if there is a continued protest the
period of grace conceded on magazines
which are not objectionable may be still
further extended.

SHOULD GIVE MORE, NOT LESS

Apparently the Dominion and Provin-
cial Governments mean to put on a new
per cent. of the cost of carrying on relief
work in Alberta centres during the com-
ing fall and winter, leaving the cities to
foot the remaining 35 per cent. Last winter
the two Governments and the cities
shared the cost in equal proportions, each
providing one-third.

The reduction in the amount of assis-
tance given by the Governments, from
66 2/3 per cent. to 60 per cent., is not
small, but the change is in the wrong
direction. That a reduction of any amount
is proposed does not square with the facts
that relief work has been needed this year
on a larger scale than last, and that the
cities are in poorer position to spend
money on such undertakings. Nor does it
bear any reasonable resemblance to a hun-

tered per cent. fulfilment of the under-
takings which were given from the plat-
forms in this province in June of last
year that the Dominion authorities would
find or make work for every person who
needed it.

The Governments should give more,
not less, assistance this year than they
did last. Unless that is done the situa-
tion simply cannot be met as it should be
met. Every municipality in this province
is facing financial difficulties, some of
them actual embarrassments, and their tax-
payers are less able than they were a
year or two ago to provide even the one-third
share of relief work cost that was imposed
upon them last year. Increased municipal
tax bills and other tax payments provide
all the evidence that is required on that score.

WAGES RATHER THAN DOLES

In times of stress there is only one al-
ternative to a public policy of relief work
undertakings which will provide employ-
ment for those who need it. That alterna-
tive is to pay "dols," under whatever
name, to those who cannot find work and
cannot live without a steady income.

That point should be kept clearly in
mind at this time, when relief work pro-
grams are being made up. Necessarily
these run to large sums of money, particu-
larly large where unemployment is most
plentiful and the local taxpayers feel least
able to foot the bill. But to a very large
extent the paying out of this money is not
optional. It will have to be spent, either
as wages for work done, or as direct relief
for which the taxpayers get no return
whatsoever.

It is obviously better business for a
community to appropriate two million dol-
lars for relief work than to appropriate
only one million for constructive under-
takings and later on have to hand out an-
other million as "dols." If Edmonton's
relief work program were kept within the
proposed \$1,077,000, nothing can be
much more certain than that the city
would have to spend an equal sum of money
much greater than that, in giving direct
relief before spring arrives.

The city council should therefore plan
its program on generous lines and provide
for expenditure as large as the Dominion
and provincial governments will agree to.
Under such conditions take a turn for the
better, it will not be necessary to carry out
all the work that may be planned. But should
the work program be inadequate, the de-
mand for "dols" will be proportionately
large.

NEURANE AFFECTIONS

A new food fad is not usually
related to first, but one acquires a
taste for it. Most of us can remember
the days when we were children, and
carrots when we were children, or
perhaps turnips, cabbage or squash.

People that seem repugnant to such
individual may be rebuffed by another.

SOVIET SEEKING WORKERS IN U. S.

Recruiting 6,000 From the Mines, Mills, Shops

Associated Press
NEW YORK, Aug. 24.—From the
coal mines, the steel mills, the ma-
chine shops, and from the rank and
file of skilled labor in the United
States, the Soviet Union is recruiting
6,000 workers to fill jobs in Russia
before the end of this year.
The American Trading Corporation
has been hired to fill new jobs cre-
ated by the "rapid development of the
five year plan." More than 100,000
applications have been received from
workers all over the United States.
American officials said, but will
not reveal the remaining 4,000 needed to
fill the quota must be rejected.

SPACEMAN'S LIFE

It is largely a matter of allowing
different persons the office more
time to complete the work. It
will be accomplished in the future
at the moment. All the same,
speculations on the new government
are not yet settled.

The new national government
will probably have a life not extending
beyond the close of the present year.
It may be even shorter than that.
And so, for a short while, the
work of the government will be
done in the interim.

Two Stoney Indians Killed Saturday In Crash Near Calgary

Canada Press
CALGARY, Alta., Aug. 24.—Two
Stoney Indians, John Benjamin, 50,
and John Snow, 33, were killed Sat-
urday night, 30 miles west of Cal-
gary, as the car in which they were
driving plunged over a 30-foot em-
bankment into a ravine.
The car was a 1928 Buick sedan.
Benjamin bought the car last fall,
and was buying it to drive it when
the accident occurred. He ran the
car on the old road and in a flash-
ing light, it was seen to be over-
riding the car and was killed and
thrown into the ravine.

AMUSEMENTS

AT THE CAPITOL

Politics and reform, the women's
vote and crooked officials, mingle in
a hilarious blend in "Politics," new
comedy-drama in which Marie Dress-
ler makes her first bow as a full-
length screen star at the Capitol
Theater. Opening day audiences at
the Capitol Theater enjoyed the
comedy.

AT THE EMPRESS

The children who make the Warner
Brothers picture, "Children of
Dreams," the famous Hammerstein
drama of the Capitol Theater, have
vesters which open today at the
Empress theater. There is a
feature film drama, too, in which
Marie Dressler has a chance for her
first role in the picture.

AT THE PRINCESS

The idea of the story was gathered
by Sigmund Romberg and Oscar Ham-
merstein, II. While they were in Cal-
ifornia making "Vocalion," the
Warner Brothers, "Children of
Dreams" has been given a social
cash, lovely setting and music that
has been a success.

AT THE RIALTO

"Lord Richard in the Pantry,"
which is the latest drama, is the
story of the happy-go-lucky life of the
young man who is the son of the
owner of the hotel. The picture
brings up to the present happy
kind of life. The girl leaves her
home to go to the city.

LEGION TAKE LEAGUE GAME FROM RADIALS

Fame Game Witnessed by Small Sprinkling of Soccer Fans

He came on Saturday accounting for 11 of the Radial's goals in their league match at Diamond Park, the final score being 10-0, with nothing in favor of the shirts.

As an exhibition of the soccer skill the same was not one which one could expect to see. He was a bit of a show-off, put a lot of pep into their play at times.

In the first half the Legion, facing the Radials, were content to keep their opponents at bay, without making many incursions into the Radial defense. In the second half, however, the brief visits I'gan got a splendid crowd over from the wing which eluded the watchful Walts and bounded to the goal. The tall, slender, and powerful, and curly in walking the ball into an open goal.

Radials were dangerous on a good day, but they were not on Saturday, and only the goal tending of Mary, who was playing a steady game behind the hard working backs. Hogan
